

A More Beautiful Question: The Power of Inquiry to Spark Breakthrough Ideas

Filesize: 9.42 MB

Reviews

An incredibly wonderful ebook with lucid and perfect answers. It is written in easy words instead of difficult to understand. It has been printed in an exceptionally easy way in fact it is simply following it. I finished reading this publication in which really modified me, modify the way I think.
(Mr. Keyshawn Weimann)

Brilliance Corporation, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. In this groundbreaking audiobook, journalist and innovation expert Warren Berger shows that one of the most powerful forces for igniting change in business and in our daily lives is a simple, underappreciated tool one that has been available to us since childhood. Questioning deeply, imaginatively, beautifully can help us identify and solve problems, come up with game-changing ideas, and pursue fresh opportunities. So why are we often reluctant to ask Why? Berger s surprising findings reveal that even though children start out asking hundreds of questions a day, questioning falls off a cliff as kids enter school. In an education and business culture devised to reward rote answers over challenging inquiry, questioning isn t encouraged and, in fact, is sometimes barely tolerated. And yet, as Berger shows, the most creative, successful people tend to be expert questioners. They ve mastered the art of inquiry, raising questions no one else is asking and finding powerful answers. The author takes us inside red-hot businesses like Google, Netflix, IDEO, and Airbnb to show how questioning is baked into their organizational DNA. He also shares inspiring stories of artists, teachers, entrepreneurs, basement tinkerers, and social activists who changed their lives and the world around them - by starting with a beautiful question. Berger explores important questions, such as: -Why aren t we nurturing kids natural ability to question and what can parents and schools do about that? -Since questioning is a starting point for innovation, how might companies and business leaders begin to encourage and exploit it? -And most important, how can each of us reignite that questioning spark and use inquiry as a powerful means to rethink and reinvent our lives? **A More Beautiful Question...**
