Teachers' College Press. Paperback. Book Condition: new. BRAND NEW, Educating Literacy Teachers Online: Tools, Techniques, and Transformations, Lane W. Clarke, Susan Watts-Taffe, This book is a comprehensive guide for literacy teacher educators and professional development trainers who teach and work in online settings. The authors provide tools, techniques, and resources for developing courses, workshops, and other online learning experiences, including blended/hybrid delivery formats that combine face-to-face meetings with online practices. Moving away from traditional discussions in which technology and delivery systems dominate the conversation, this book focuses on the literacy instructor with techniques for building effective learning communities. The authors outline the unique pedagogical challenges posed by online courses and offer guidance for making decisions about which tools to use for what instructional purposes. More than simply a "how-to" book, this resource will encourage novice and experienced instructors to extend their thinking and enable online literacy teacher education to grow in productive ways.
