Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.As it may be objected to the following Poem, that some of the images there introduced are not wholly peculiar to the Season described, the Author begs leave to state, that, both in their selection and disposition, he was guided by that, which, in his limited experience, was found to be the Season of their greatest impression: and, though he has not always felt the necessity of pointing out the collateral causes by which the effect was increased, he yet flatters himself that, in general, they are sufficiently implied either by what follows or precedes them. Thus, for instance, the running brook, though by no means peculiar, is appropriated to Spring; as affording by its motion and seeming exultation one of the most lively images of that spirit of renovation which animates the earth after its temporary suspension during the Winter. By the same rule, is assigned to Summer the placid lake, c. not because that image is never seen, or enjoyed, at any other season; but on account of its affecting us more in Summer, than either in the Spring, or in Autumn; the indolence and languor generally then experienced disposing us to dwell with particular delight on such an object of repose, not to mention the grateful idea of coolness derived from a knowledge of its temperature. Thus also the evening cloud, exhibiting a fleeting representation of successive objects, is, perhaps, justly appropriated to Autumn, as in that Season the general decay of inanimate nature leads the mind to turn upon itself, and without effort to apply almost every image of sense or vision of the imagination, \* to its own transitory state.
