Soul-Psychic Sleuthing: Techniques of Telepathy Clairvoyance and Psychometry

By Nandlal Vanvari

D.K. Printworld (P) Ltd., New Delhi, India, 2013. Softcover. Book Condition: New. First Edition. Soul-psychic Sleuthing will help us bring peace, harmony and welfare of society we live in. When it will be applied extensively, it will minimize troubles and traumas, corruption, and terrorism in the so-called civilized societies. The Hindu scriptures talked of atma-manthan (soul-churning) because it is only atma, i.e. soul which being one with the Universal Consciousness, knows the truth, which in turn can reach the best solution. Truth shall win. This enforces the application of the Soul-psychic Sleuthing. There are many techniques of the soul-psychic sleuthing. However, this book concentrates only on three of these telepathy, clairvoyance, and psychometry. Based on Taoist and Confucius wisdom texts, and the views of the modern psychologists, this study provides in detail the methods to develop these talents. Presenting the sleuthing practised by seers and mystics, psychic readers and trackers, telepathists, consultants in their areas and others, it delves into each of the three techniques in-depth. The soul-psychic sleuthing needs reason, courage, majesty, morals, ethics, values and a tranquil mind besides the absolute purity of thought and intention. Printed Pages: 303. Size: 15 x 23 Cm.
