Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The fact that the politicians brought to power by the Ukrainian Maidan revolutions turned out to be clearly anti-democratic, fully reliant on advantages of the moment stolen from opponents on the square, and not ready to compromise or stick to agreements made with opponents, is both the fault and a generic trait of the Maidan revolutions. It is this fact that eventually became the key factor in the collapse of the Ukrainian state. Indeed, if we imagine that the February 21 agreements between the opposition and Yanukovich had been implemented, there would not have been the referendum in Crimea, nor the Odessa massacre, nor the referendum in the Donbass, nor the bloody civil war, and most likely somebody other than Yanukovich would have become President of Ukraine. However, given the logic of ochlocracy, it is just as clear that this was impossible. For the leaders of opposition are through and through square-dwelling provocateurs, pushed from behind by a similar, though far more radical, breed. While elections tend to have a low turnout, with the procedures usually well defined, the turnout at referendums tends to be high, although there are often procedural questions. These are the realities one has to learn to evaluate correctly. The institution of representative democracy attracts less and less the attention of the citizens of different countries. If there is still some interest in elections for the head of state (although fatigue builds up because all politicians are the same), people rarely understand who to vote for and why, when it comes to parliamentary elections. The shows put on, or the intensified controversies between politicians before elections, only show that national leadership does everything possible...
